Recorded webinar on the **Self Assessment** and **Executive Summary**

<http://www.screencast.com/t/1QOCpcYQK>

- This webinar recording is 18 minutes long and goes in depth through completing the Self Assessment and Executive Summary as well as entering your results and summaries into ASSIST.

Recorded webinar on the **Student Performance Diagnostic**

<http://www.screencast.com/t/EzZjkPXo7n>

- This webinar recording is 25 minutes long and goes in depth into the process of analyzing your student performance data and entering it into ASSIST.

Recorded webinar on the **Stakeholder Feedback Diagnostic**

<http://www.screencast.com/t/mSdEOQ31nZ8W>

- This webinar recording is 33 minutes long and goes in depth to walk you through the process of going into ASSIST to open surveys, get reports, and input your summaries.

AdvancED Timeline

March- April: Internal Review Components Completed

May: Draft out SIP (draft should be completed prior to summer break)

2 Diagnostic Reviews

June-August: PD and opportunity to continue SIP updates

Aug-Sept: Finalize SIP

15 Remaining Diagnostic Reviews

Stakeholder Surveys

Steps to take once you have closed your Stakeholder Surveys:

Remember to go to www.advanc-ed.org/schoolresources and in the tools section, pull up the Stakeholder Feedback Data Document to use as a reference when analyzing your survey results and preparing your narratives to put into ASSIST.

To get to the survey result report to find the data to complete the data table:

1. Log into ASSIST
2. Diagnostic Surveys Tab
3. Reports Tab
4. Select Survey Response Count Summary (You can view the report or export to print it off)

Note- The two reports you want to use are the Response Count Summary (second from the bottom) as that will give you the score for each question, and the Open Question Export (second from the top). You can print out the RCS any time you want. Just open it and then print. For the OQE, you need to click on Export Report. You should then receive an e-mail with 15-20 minutes with the link to the results (excel). You can save that and then print whenever you want. Use the Survey Scoring Summary for each AdvancED survey and the Stakeholder Feedback Worksheet (tools section of school resources page) only if you need assistance converting the early elementary surveys from a 3-point to a 5-point scale.

On the IDOE resources page, you will find the DR Survey Guidance and Data Table Document. This is an optional template for Option 1 and Option 2 schools that can help you to organize the survey data in a format that will help you to easily identify areas of strength and areas in need of improvement. All Option 3 schools were introduced to this template during some additional training and the feedback was positive on the usefulness of the template. The first 2 pages provide overall guidance on what the percentages mean. Then the data table helps to take the information from the surveys and put it all in a format that is easier to see trends or identify areas to investigate further for your internal review analysis narratives. You will look at the data table which indicates the item number(s) for each survey next to the indicator numbers. You will need to add the total percentage of responses for the agree/strongly agree for each item to include in the data table next to the item number.

All of the reports in the Reports Tab have information that will be helpful to you so do not neglect reviewing the information when you have the chance. Many times, there is valuable information in the disaggregated data from the surveys.

Monthly FAQ

One Plan – Title I SWP, SIP, SAP

- Title I Budget and Fiscal Reports will remain in the Title I Application Center
- Title I SWP and assurances will be part of AdvancED Plan
- Focus/Priority SAP will be part of AdvancED Plan
- IN SIP (PL 221) will be part of AdvancED Plan
- More details on submission of all plans will be given to schools later in the year

Contract/Funds to AdvancED

- SEA will not send funds directly to AdvancED
- AdvancED will bill LEAs for services
- LEAs will pay for services to AdvancED
- LEAs will request reimbursement via Title I for services with AdvancED

Any schools not part of grant

- Districts who want schools to participate, but did not sign up/were not eligible for 1003(a) will need to work with AdvancED to determine services
- If schools who did not sign up/were not eligible they will need to update current Title I or Title II grants to pay for AdvancED services, or use other district funds

Title I vs. AdvancED Surveys

- IDOE does recommend schools use surveys to establish and evaluate programs in Title I Schools
- IDOE does not require any particular survey for Title I Schools
- AdvancED Surveys of staff, students, and families can be used to direct Title I Programming

Accreditation

- 1003(a) AdvancED grant is not the same thing as AdvancED Accreditation
- 1003(a) AdvancED grant is entirely focused on school improvement via school improvement planning, PD, and internal and external review processes

Due Dates

- Title I Budgets and Plans for districts are due June 1st. This is not through ASSIST – this is through the Title I Application center and is submitted by district Title I Program Administrators.
- Invoices from AdvancED will be sent out quarterly – February, April, July, and September.
